

## ANOTHER ANGRY YOUNG MAN

### INTRO (CHORUS)

/AC/GD/AC/GD/AC/GD/AC/AG/

I

/A/C/D/A/A/C/D/GAAGA/

He drags to work  
payin' his dues  
in debt too deep  
what else can he do?  
but its a lousy job  
he's growin' old  
feelin' like a time bomb  
about to explode

### CHORUS

He's an angry young man  
another angry young man  
He's an angry young man  
got no plan  
he's tired of those scams  
another angry young man

II

Got things to do and say  
gotta do them his way  
but no one wants to listen  
they don't like the way he looks  
or the way he talks  
he doesn't fit into the system

### BRIDGE

/A/C/D/A/A/C/D/AGA/

Like a siren in the distance  
on a steamy city night  
a voice inside him warns  
it'll never be right  
he's heard it said before  
knows that it's true  
"Live your own life man!"  
or you're gonna lose

### CHORUS

CHORUS - GUITAR SOLO

### III

Dreams inside die  
he paces the hall  
gotta leave this place  
The writing's on the wall  
its a lousy job  
he's growin' old  
feelin' like a time bomb  
about to explode

**CHORUS**
